

Cool Down!

The new commissions ROCO will be playing were inspired by ice, snow and glacier scenes

- Check out a few books about ice and snow!
- Eat some cool treats together!
- Watch National Geographic documentaries about snowy parts of the world.

Ok, Goodbye.

The poem that inspired the music by Marcus Maroney

Ok is the first Icelandic glacier to lose its status as a glacier.

In the next 200 years all our glaciers are expected to follow the same path.

This monument is to acknowledge that we know

what is happening and what needs to be done. Only you know if we did it.

Icelandic author Andri Snær
Magnason, translated to English
