Meet the Orchestra: A guide to the instruments of the orchestra through star constellations and Greek Myths

A Day Among the Bugs

Painting With Music: an introduction to the visual arts

Draw your favorite bug!

Write about your bug!

Draw or write about Autumn as you listen

Draw or write about Winter as you listen

Draw or write about Spring as you listen

Draw or write about Summer as you listen

How to listen to classical music with children:

- Especially if listening at home, have extra copies of ROCO worksheets, along with inviting art supplies. Paint, Playdough, crayons, additional paper etc.
- Let them ask questions! It's ok to Google the answers!
- Ask leading questions like "how did the music feel to you? What did that make you think of? Where does this music take place? There are no wrong answers!
- Ask questions or point out specifics to the music: "Did you hear the _____?" "Did that sound high/low, fast/slow, smooth/bumpy?"
- Let them know what you think about the music! "I liked the part that went _____." "That sounded _____!" "That made me think about _____."
- Join the fun! The ROCO Rooters worksheets are made with families in mind, they can be a great way to relax, write down some thoughts and be involved in creating while you listen.
- And of course, HAVE FUN!

Drawing/Writing Prompts for *Last Year*:

- What colors do you see most in _____?
- What is the weather like during _____?
- Describe your happiest day in _____?
- What do the trees/flowers/grass/rivers look during _____?
- What do you like to do outdoors during _____?
